

STAR PATIENT TESTIMONIAL

PATIENT NAME: CORPORAL MICHAEL W. HINTZ

Dr. Wagner would appreciate very much your answering these questions regarding your care. Since your story will be put in "Our Patients Speak" book, please write or print neatly

Describe your major complaint and what was done to correct your problem prior to seeing Dr. Wagner: In May of 2006 I herniated two disks and injured two others in my lower back. Being a Police Corporal for ACPD and a member of our SWAT team, my job responsibilities made my recovery a difficult one. After nearly a year I continued to suffer from daily pain and spasming with no relief in sight.

How long have you been suffering from this condition and how did this affect your life? I suffered with back problems for over 8 years due to an automobile accident. Following my injury in May of 2006 I became very protective of my back. It had a very negative impact on my job performance, workout routine and family life.

How did you hear of Dr. Wagner: Fellow police officers had recommended his services.

Has your problem been helped by Chiropractic/Rehab care, and how has this affected your life?

Within one month nearly all of my back pain went away. Within three months it was completely gone. In addition to my weekly treatments, Dr. Wagner and his staff gave me advice on how to improve my workout regimen and stretching routine. Dr. Wagner and his staff's efforts have given me both my health and sanity back.

May we use this sheet to display in our reception room so that others may know the benefits of chiropractic? Absolutely

Additional Comments: In addition to all of the medical assistance, Dr. Wagner's office volunteered their time and efforts to help our police officers raise money for our local Special Olympic Athletes and their families.
